

# INTERNET REALTIME FREE SOFTWARE & SERVICE

LIVENOTE STREAM IS THE #1 WAY TO CONNECT ANY CLIENT TO LIVE TEXT AND VIDEO—AND YOU COULD BE USING IT FOR FREE

LiveNote Stream™ works for everyone, every time, whether they have LiveNote™ software or not. What’s the catch? There isn’t one with LiveNote Stream.

### FREE SOFTWARE

The new LiveNote Stream Manager™ 1.6 enables your court reporter to transmit the realtime transcript and instant messaging dialog to authorized participants. It is Microsoft Vista®-compatible and entirely free to every court reporting provider.

Plus, your clients don’t require any tokens or special software licensing. They simply log in to the Internet session from anywhere to view live text and video in the complimentary LiveNote Stream Browser interface. And, if your client is among the tens of thousands of LiveNote software users, they may view the live text and video right in the software they already have.

Best of all, with LiveNote Stream, your reporters are never expected to administer last minute software installations to make realtime work for certain participants. It just isn’t necessary—LiveNote Stream works for every attorney, paralegal, or expert, no matter what software they have or haven’t purchased.

### THE SAME GREAT SUPPORT FROM THE EXPERTS

LiveNote Stream is easier to use than ever before, and as usual, our team is standing by to assist you as needed. We will provide you with secure logins for you to issue to your clients, and we will help ensure the

facility is properly equipped for Internet realtime via wireless or Ethernet.

### FREE AND DISCOUNTED SERVICE

When you host a private Certified LiveNote Reporter (CLR) seminar in 2009, you will receive free LiveNote Stream text connections and 50% off video connections for two months. It is a great way to quickly profit from your commitment to having the highest trained reporters working for your agency.

As indicated in the chart below, all current Certified Partners and RealLegal subscribers receive ongoing discounts on LiveNote Stream text and video connections.

**To get your free LiveNote Stream Manager 1.6 software, please send an email to [operations@livenote.com](mailto:operations@livenote.com).**

**To book a Private CLR event and earn free text and 50% off video connections for two months, call 1-800-548-3668 option 4.**
