

RealLegal StenoBank

Online Storage for Notes and Dictionaries

Secure storage that never goes out of style

Key Advantages

- *Access notes and dictionaries at anytime from anywhere*
- *Share with scopists and proofreaders for better collaboration*
- *Upload electronic files from your CAT system to your StenoBank – up to 1 GB of storage – in a few easy steps*
- *Provide private and secure long-term or short-term storage*
- *Eliminate the need for paper or bulky disc archives*

Secure storage service

Enjoy the convenience and reliability of Web-based storage for your notes and dictionaries with a StenoBank™ account, a Stenograph® joint venture. StenoBank accounts are included with subscriptions to RealLegal Unlimited Workflow™ and Unlimited Multimedia™.

No more boxes of paper notes or back-up diskettes. Simply upload electronic files from your writer to your private StenoBank, and rest assured they are safe and secure in a stable environment, and accessible only by you. Retrieve the files at any time from anywhere by logging into your account.

Collaborate with scopists

StenoBank is also a great tool for collaboration among different professionals. You may authorize other users -- perhaps a scopist or proofreader -- to login to your StenoBank. Reporters and scopists can use StenoBank as a secure and private

destination for long-term or short-term storage. Much like a bank account, each StenoBank permits "deposits" and "withdrawals" from the authorized user.

Never cumbersome or obsolete

StenoBank also guarantees long-term compatibility and accessibility of all files. Remember 5 1/4" floppy discs? Obsolete media is no longer an issue in retrieving files. Go ahead, get that new computer. You will still be able to access your files just as you were from your old computer. Need to access your files from multiple computers? Just login to your account; there they are.

StenoBank is extremely versatile and supports any electronic file format. You could even upload photos from your vacation if you wish and share them with family!
